Location

Fort Arabesque lies in the most beautiful cove of Makadi Bay, only 20km south of Hurghada airport and is situated between yellow dunes and a mountainous area. The bay's crystal blue waters and golden sand make it one of the most picturesque places in the Red Sea. The Hurghada coast is blessed with unique underwater gardens, rare fish and beautiful coral reefs. It is a major point of attraction for tourists in search of beautiful beaches and worldclass diving.

Downtown Hurghada is stacked with restaurants, bars and clubs as well as bazaars and souvenir shops. Fort Arabesque offers shuttle buses twice a day to and from Hurghada which is about 30 minutes away from the resort.

Fort Arabesque Resort

Fort Arabesque Resort, Spa and Villas promises tranquility and opulence with its 444 luxurious rooms, suites, apartments and 14 newly built villas. Three dining venues, five swimming pools, including a children's pool (three of which are heated), a state-of-the-art gym, world class Thai managed Spa and sports facilities as well as I-Dive, a five-start IDC PADI dive center, guarantee a fun and unforgettable hotel experience.

Inspired by the Sardinian roots of its architects, Fort Arabesque Resort & Spa combines distinctive Italian and Arabic accents in its architecture, from its imposing medieval fort structure to its interior touches and décor, where the different shades of Egyptian cave stones from Aswan blend with the antique fine wood furnishings of oriental designs.

The hotel's reception area opens onto perfect, geometrically shaped gardens with overhanging bridges and floating gazebo-bars. Palm trees, hibiscus, jasmine, and other beautiful plants fill the garden with sweet aromas at sunrise and sunset.
